

STATISTICS OF SOME MAJOR ACHIEVEMENTS OF PRESIDENT BUHARI'S ADMINISTRATION THROUGH THE NATIONAL POLICIES AND SUPERVISION OF PARASTATALS OF THE FEDERAL MINISTRY OF COMMUNICATIONS AND DIGITAL ECONOMY UNDER THE LEADERSHIP OF ISA ALI IBRAHIM (PANTAMI), PhD, FNCS, FBCS, FIIM, BETWEEN AUGUST 2019 TO JULY 2021

Muhammadu Buhari GCFR
President and Commander-in-Chief
of the Armed Forces

Dr. Isa Ali Ibrahim (Pantami)
Hon. Minister of Communications

INTRODUCTION

The **Minister of Communications and Digital Economy, Isa Ali Ibrahim (Pantami), PhD, FNCS, FBCS, FIIM** resumed office as Minister on the 21st of August, 2019. The Communications and Digital Economy sector has recorded a number of unprecedented achievements under his leadership. For example, the sector played a **pivotal role in lifting the Nigerian economy out of recession**, with the ICT sector recording the highest growth rate in the 4th Quarter of 2020 (14.70%), as reported by the National Bureau of Statistics (NBS) and stated by the President.

This growth rate was the only double-digit growth rate and it exceeded the aggregate growth rates of all the 2nd to the 7th fastest growing sectors. The ICT sector also had the highest growth rate in the year 2020 and the 1st Quarter of 2021. It is also noteworthy that the telecommunications sub-sector grew at 15.90% and this was its highest growth rate over the past decade. Additionally, the Ministry and its parastatals have **generated over N1 Trillion for the Federal Government in less than 2 years**, this translates to an average of about N44 Billion every month or over N1.4 Billion every day! For example, about N360 Billion of this revenue was largely from Spectrum, allocated by the National Frequency Management Council

(NFMC), under the Chairmanship of the Minister, to the Nigerian Communications Commission (NCC) and National Broadcasting Commission (NBC) for commercial purposes. Another over N600 Billion was paid as taxes by ICT Companies to the account of the Federal Government through the Federal Inland Revenue Service (FIRS).

Over the last 2 years, a significant number of National Policies have been developed to create an enabling environment for the sustainable growth of the Communications and Digital Economy Sector. This has led to the resolution of challenges that had lingered for close to a decade. **Sixteen (16)** of these **National Policies** have been developed and over a dozen of these are already being implemented. As part of the implementation of these policies, over **1,667 projects/centres have been established**, and an additional 455 are ongoing.

Over 219,000 Nigerians have directly benefited from training on digital skills and this number does not include several others that have benefited from such trainings indirectly. Furthermore, there have been over **61 million unique NIN enrollments**. Almost all the achievements here are unprecedented.

A succinct list of some of these achievements has been captured in the tables here.

A. 1,667 ICT PROJECTS AND CENTRES		
S/N	TITLE	NUMBER
1.	Emergency Communication Centres	24
2.	Virtual Examination Centres	4
3.	eHealth/Data Sharing Centres	4
4.	Digital Awareness Program (DAP) Centres	80
5.	Advance Digital Appreciation Programme for Tertiary Institutions (ADAPTI)	74
6.	Digital Industrial Parks	4
7.	Wireless Internet Cloud (WIC)	50
8.	ICT Innovation and Incubation Park/Hubs	6
9.	Digital Capacity Training Centres (DCTC)	80
10.	E-Learning Facilities for DCTCs	80
11.	NITDA Community IT Training Centres	6
12.	IT Innovation Hubs	4
13.	IT Capacity Building Centres	3
14.	Provision of ICT Facilities in Institutions	20
15.	Interventions for Special IT Projects	4
16.	Community ICT Centres	6
17.	National Centre for Artificial Intelligence and Robotics (NCAIR)	1
18.	Empowering Farmers through the National Adopted Village for Smart Agriculture Programme	565
19.	NIPOST Digital Centre	1
20.	General Post Office and Community Shopping Mall	1
21.	Tertiary Institution Knowledge Centers (TIKC)	17
22.	School Knowledge Centers (SKC)	249
23.	Rural Broadband Initiatives	24
24.	Accelerated Mobile Phone Expansion-Base Transceiver Station (AMPE-BTS)	42
25.	E-Accessibility Projects	24
26.	E-Libraries	9
27.	E-Health Facilities (in 14 hospitals)	1
28.	Completed E-Government Training Centre	1
29.	National Mobility and Data Analytics Center Development Project	1
30.	Digital Media Studio	1
31.	Digital Economy Centers (DEC)	80
32.	E-Learning Facilities attached to DECs	80
33.	NICTIB Fibre to the Abuja International Airport	1
34.	Establishment of Depository Management System	1
35.	Construction of Neighbourhood Post Office Buildings	3
36.	Digital Complex Enugu	1
37.	Educational Content Development and Deployment (in 114 schools)	114
38.	Laying of 19.1Km of Fiber cable to expand reach and Coverage to MDAs (covering 28 MDAs)	1
TOTAL		1,667
B. 455 ONGOING ICT PROJECTS AND CENTRES		
S/N	TITLE	NUMBER
1.	Establishment of IT/ICT Departments in MDAs	100
2.	Local Area Network to all MDAs	23
3.	Supply, Installation and Commissioning of Hybrid Spectrum Monitoring System for the South-	1

4.	East Zone of Nigeria (Anambra State)	
4.	National ICT Infrastructure Backbone (NICTIB II) - (3,441Km Backbone, 332Km Metro, New Data Center, 1 Cloud Computing eGov, 108 eLTE base stations, Smart City and 1 Enterprise network security system)	1
5.	Accelerated Mobile Phone Expansion-Base Transceiver Station (AMPE-BTS)	202
6.	Rural Broadband Initiatives	15
7.	Emergency Communication Centers	11
8.	Implementation of National Addressing System	1
9.	Development of NIPOST 16.62 Hectares in Kaduna	1
10.	Educational Content Development and Deployment	100
TOTAL		455
C. 219,198 CITIZENS BENEFITTED FROM DIRECT DIGITAL SKILLS TRAININGS		
S/N	TITLE	NUMBER
1.	ICT Training and Empowerment for Women	200
2.	Training of Persons Living with Disabilities.	102
3.	Nigeria Data Protection Regulation (NDPR) training - (Events, including webinars on NDPR for Data Protection Officers trained for different Sectors, Media Executives, Data Protection Compliance Officers, etc)	296
4.	NITDEF Scholarship	49
5.	Future Hack for Indigenous Technology Development	30
6.	Training of 21 Nigerian Army personnel on Linux and Cyber Security	21
7.	Capacity Building Programme for Artisans	1120
8.	Streamlined Capacity Building Programme for Virtual Library	150
9.	Conducted training for MDAs on Digital Identity for Development.	30
10.	Digital Skill training For New Reportage of ICT Journalism	45
11.	GSM Phone Repairs Training in Partnership with Nigerian Content Development and Monitoring Board (NCDMB)	1,858
12.	Graduate Internship Scheme (GIS) Training on Software, Mobile App, Web Development, and Entrepreneurship	300
13.	ICT Training for Legislators	85
14.	Digital Job Creation Training	960
15.	VSAT Installation Core Skills	600
16.	Digital Nigeria and NITDA Academy Online Academies	212,000
17.	Trained 150 NYSC and SIWES students on IT Essentials and Networking leading to CISCO Certification	150
18.	Capacity Building for IT Intervention Centre Managers	200
19.	Capacity Building and Certification for Digital Transformation Technical Working Group	442

20.	Capacity Building for Members of Civil Society	30
21.	Capacity Building through National Adopted School for Smart Education (NASSE)	530
TOTAL		219,198
D. 16 NATIONAL POLICIES DEVELOPED		
S/N	TITLE	
1.	National Digital Economy Policy & Strategy 2020-2030 (NDEPS)	
2.	Roadmap for the Implementation of the NDEPS	
3.	Nigerian National Broadband Plan 2020-2025
